

## SILICON SEALANT, OIL RESISTANT

5660-70-19

<b>Product info</b>	Oil resistant. Elastic with high adhesion, can therefore absorb dynamic loading such as impact and vibration.
<b>Type</b>	Other
<b>Manufacturer</b>	Staloc
<b>Colour</b>	Black
<b>Temperature min. °C</b>	-50
<b>Temperature max. °C</b>	+250
<b>Description</b>	The silicone sealant is a high-quality, single-component silicone-rubber sealant, which cures at room temperature. The product remains elastic and is characterized by exceptionally high adhesion, which guarantees for high impact and vibration resistance. The product replaces standard solid sealants and can be used as a universal sealant for multiple purposes. For use in engine and transmission manufacturing, as well as in petrochemistry.
