

GAMMAFLEX 5

1118-12

Product group	110
Inner tube	Synthetic oil resistant rubber
Cover	Abrasion weather and heat resistant rubber
Temperature min. °C	-40
Temperature max. °C	+100
Reinforcement	Four spirals of steel wire
Safety factor	1:4
Applications and characteristics	<p>The hose is suitable for high pressures combined with high flexing. The hose is MSHAapproved (flame-resistant).</p> <p>Ferrule</p> <p>4200-19-xx</p> <p>4700-04-xx (use only with 3/4" and 1")</p> <p>4700-09-xx (use only with 3/4" and 1")</p>
Design	Wrapped, yellow/grey label
