

SPIR STAR TYP 2 WR

1201-16

Product group	140
Inner tube	Polyamid PA
Cover	Polyuretan (PUR)
Temperature min. °C	-30
Temperature max. °C	+60
Reinforcement	Two+two layers of steel wire
Applications and characteristics	Thermoplastic hose for hydrodemolition and water blasting with working pressures up to 1040 bar.
Design	Silver
