

CONCRETE PUMP HOSE, 85 BAR

1464-50

Product group	140
Inner tube	Antistatic, smooth, abrasion resistant NR/SBR
Cover	Antistatic SBR
Temperature min. °C	-40
Temperature max. °C	+70
Media	Materials
Reinforcement	Steel spiral
Safety factor	1:2
Applications and characteristics	A hose suitable for transporting concrete from concrete pumps. Flexible and easy to handle thanks to the robust design which prevents kink in the hose. Suitable for transporting concrete and cement thanks to the abrasion resistant of the inner tube. Although suitable for reverse pumping, for easy cleaning. Deliverance fully assembled with fluid connectors. The pre-assembling is done in-house in Sweden.
Design	Wrapped, black
