

ALUMINIUM THREADED TAPPING FLANGE FOR PIPE

5450-1-21

Product group	519
Material	Aluminium
Manufacturer	Prevost
Temperature min. °C	-20
Temperature max. °C	+50
WP	0 - 16 bar
Description	Unique seals make flange work well with compressed air, vacuum and neutral gases such as nitrogen Available in dimensions Ø25 and up to Ø80 mm.
