

CEJN 310 ESAFE

5C10310-6

Product info	Female
Product info2	Stream-line connection
Product group	531
Type	Air
Manufacturer	Cejn
Standard	A-A 59439 (former U.S Standard MIL C 4109 ¼"), ISO 6150 B
Connection force	86 N
Applications and characteristics	ISO-standard 4414 and EN 983 Use with standard nipples (see related products)
Interchangeable with	Atlas Copco QIC8, Parker Rectus 23/24, Parker Tema 1400/1423, Prevost ISC06/ISI06, Foster 3003, Oetiker B1, Hansen 3000
Temperature min. °C	-20
Temperature max. °C	+100
Min. bursting pressure	140 bar

Part No.	Connection	Cejn descr.
